Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (currently amended) A method for job-based budget management of a business, the method comprising:

providing a plurality of spending accounts corresponding to an actual account, each of said plurality of spending accounts comprising a balance, wherein said balance comprises a fraction of total funds available from said actual account;

maintaining a user-defined numerical spending limit for each of the plurality of spending accounts;

allocating at least one transaction to at least one of the plurality of spending accounts; and

automatically adjusting the balance of the at least one of the plurality of spending accounts in real time according to the allocated transaction;

inputting said user defined numerical spending limit and said balance into a computer;

comparing said adjusted balance of said plurality of spending accounts to said user-defined numerical spending limit;

accessing results of said comparison; and managing said job-based budget based on said comparison through.

2. (previously presented) The method of claim 1 wherein the at least one transaction is automatically synchronized with the actual account.

- 3. (previously presented) The method of claim 1 wherein the plurality of spending accounts are displayed in a graphical format.
- 4. (previously presented) The method of claim 1 wherein the method is performed using wireless communication.
- 5. (previously presented) The method of claim 1 wherein the at least one transaction is transmitted both on-line and off-line.
- 6. (original) The method of claim 1 further comprising providing for the submission of invoices.
- 7. (original) The method of claim 1 further comprising providing for the submission of purchase orders.
- 8. (original) The method of claim 1 further comprising providing for the submission of time sheets.
- 9. (original) The method of claim 1 further comprising processing a payroll.
- 10. (previously presented) The method of claim 1 further comprising automatically creating at least one spending account upon approval of a job quote.

11. (previously presented) The method of claim 1 further comprising automatically paying the at least one transaction on-line.

12-65 (Cancelled)

66. (new) A method for job-based budget management of a business comprising:

providing a funded actual account corresponding to plurality of job-based budget accounts, and a plurality of job-based allocation accounts corresponding to said plurality of budget accounts;

inputting into a computer an initial balance for said budget accounts corresponding to a job-based budget, and for said allocation accounts wherein said balance comprises a fraction of total funds available from said budget accounts;

allocating at least one transaction to at least one of the plurality of allocation accounts;

automatically adjusting the balance of at least one of said plurality of allocation accounts according to the allocated transaction;

comparing said adjusted balance of said plurality of spending accounts to a budgeted amount in real-time;

accessing results of said comparison through said computer; and managing said job-based budget based on said comparison results.

67. (new) The method of claim 66 wherein the at least one transaction is automatically synchronized with the actual account.

- 68. (new) The method of claim 66 wherein the plurality of allocation accounts are displayed in a graphical format.
- 69. (new) The method of claim 66 wherein the method is performed using wireless communication.
- 70. (new) The method of claim 66 wherein the at least one transaction is transmitted both on-line and off-line.
- 71. (new) The method of claim 66 further comprising providing for the submission of invoices.
- 72. (new) The method of claim 66 further comprising providing for the submission of purchase orders.
- 73. (new) The method of claim 66 further comprising providing for the submission of time sheets.
- 74. (new) The method of claim 66 further comprising processing a payroll.
- 75. (new) The method of claim 66 further comprising automatically creating at least one allocation account upon approval of a job quote.
- 76. (new) The method of claim 66 further comprising automatically paying the at least one transaction on-line.
